

ATTENDANCE SHEET

Name & Address of Organization

1Rivet

1Rivet, Halar Rd, behind LIC, near Post Office,

Kapadia Chal, Valsad, Gujarat 396001

Name of Student	Patel Virenkumar Rameshbhai
Roll. No	190210116063
Name of Course	Industry Internship
Date of Commencement of Trg.:	23/01/2023
Date of Completion of Internship:	30/06/2023

Initials of the student

	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
Month and Year															

Note :

1. Attendance Sheet should remain affixed in Daily Training Diary. Do not remove or tear it off.
2. Student should sign/initial in the attendance column. Do not mark 'P'
3. Holidays should be marked in Red Ink in attendance column. Absent should be marked as 'A' in Red Ink.

Signature of Company internship supervisor with company stamp/ seal

(Name_____) Contact No.

DESCRIPTION OF THE WORK DONE IN BRIEF

On first day of fifth week, we had a session of Asynchronous JavaScript, in this we learned about Introduction to Asynchronous JavaScript, setTimeout and setInterval and Promises & Callback.

On second day, we continue our session about Asynchronous JavaScript, in which we learned Async/Await and Fetch data form API, Promise chaining.

On third day, we worked on different method of fetch like GET, PUT, POST, DELETE, PATCH.

On forth day, we had given task to fetch data form api and make table to show this data dynamically in it

On fifth day, we had to do CRUD operation, but creating form and table and end of the day we had to submit our task.

DESCRIPTION OF THE WORK DONE IN BRIEF

On first day of sixth week, we had a session of local storage and regular expression, in local storage we learned how to set and get data form local storage.

On second day, we had to task related to Regex in which we had to validate form using regex patterns.

On third day, we had session about all new ES-6 features like, arrow function, template literals, Destructuring and rest and spread operator.

On forth day, we had no session and we are instructed to do practice of JavaScript

On fifth day, we had our assessment of JavaScript in which we have given mockup to do javascript task at end of the day we had to complete .

DESCRIPTION OF THE WORK DONE IN BRIEF

On first day of seventh week, we started to learn new language Angular, On first day we learned basic overview of Angular like Angular CLI introduction and generate project using CLI and Main building blocks of Angular

On second day, it was Holi Holiday.

On third day, we learned Component Lifecycle of angular and we had given task to do more resarch on it.

On forth day, we learned Component Interaction like, Pass data from parent to child with input binding, Intercept input property changes with a setter, Intercept input property changes with ngOnChanges() and Parent listens for child event.

On fifth day, we had given task related to component interaction, which we had to complete at end of the day.

DESCRIPTION OF THE WORK DONE IN BRIEF

On first day of eighth week, we had session about Binding in which we learned Attribute binding, Class and style binding, Event binding, Property binding, Two-way binding and we had given task related to it which we have to submit by end of the day

On second day, we learned about Pipes in angular which are used to transform data in Angular, in pipes we learned built-in pipes and custom pipes.

On third day, we learned about Directives in angular that can add new behavior to the elements in the template or modify existing behavior in Angular, in directive we learned built-in-directives, custom directives, Structural directives and Custom directives.

On forth day, we have give task related to custom pipes and custom directives in which we had to make search pipe that filter out data form table, on input search.

On fifth day, we had session about Project Folder structure as per standard in which we learned how to make core and shared module.

DESCRIPTION OF THE WORK DONE IN BRIEF

On first day of ninth week, we had session about Modules and Routing in angular, we learned how we can route different component.

On second day of ninth week, we learned about Lazy loading of modules, so we can optimize our website.

On third day we had session about forms in angular, we learned Template Driven Form with validation and we had given task related to it which we had to complete by EOD.

On forth day we leaned about Reactive Form and we learned where to use reactive form and where to use Template driven form also we had given task related to reactive forms. In which we had to create form with multiple address using FormArray.

On fifth week we had session about Dependency injection, in which we learned Creating an injectable service and Communication with server using API

DESCRIPTION OF THE WORK DONE IN BRIEF

On first day of tenth week, we learned about local storage, session storage, basics of RxJS and change detection with OnChange event

On second day, we had session about RxJS interval, timer, observables and how to use other operators like map, concat merge etc

On third day we had given task related to service methods GET, POST, PUT and DELETE operation in angular on JONN-Server.

On forth day we had given task to make dynamic dashboard and perform CRUD using service methods.

On fifth day, we practiced on Angular rxjs operations and how to make a service observables

DESCRIPTION OF THE WORK DONE IN BRIEF

On first day of eleventh week, we learned how to use rxjs in angular CRUD operation with reactive form.

On second day, we practiced on reactive forms and service method.

On third day we had given task to perform CRUD with routing and selector and practice on that for assessment

On forth day we had assessment of angular. in which had provided mockups and using this we had to complete by end of the Day.

On fifth day, we made changes in assessment which are not correctly implemented in assessment.

DESCRIPTION OF THE WORK DONE IN BRIEF

On first day of eighth week, we had session about Bootstrap, How to use bootstrap, what is bootstrap, Grid System and we had given task to make dashboard of card to make responsive.

On second day, we learned about bootstrap breakpoints, containers and form controls and made one card with row and col class

On third day, we learned about SCSS, How it used, what is SCSS variables and operators.

On forth day, we learned about scss mixins, maps, media queries and we had given task to make dashboard with help of scss including various cards.

On fifth day, we had session about folder structure of scss, in which we learned about base, component, utilities, vendors etc and what partials file we had to put inside these files.
